ASI: Analytics Society of India

The Analytics Society of India is a radical confluence of academia and industry. Connect with world renowned thought leaders and experts in analytics.

The Analytics Society of India (ASI) is founded by eminent personalities from academia (IIMB & IISc.) as well as industry to precisely address these challenges and thus enable organizations and individuals overcome the trials of data exploration, deduction and application. ASI is a not-for-profit, professional association, and strives to help individuals become more valuable through education, community, research and advocacy.

- The mission of ASI is to facilitate research, knowledge sharing, learning and career enhancement for all categories of professionals, while simultaneously inspiring and nurturing new entrants into the industry and helping them to integrate into the community.

Rev:01	St. Francis Inst. of Management & Research Doc. Title: Institutional Subscription AS PER ISO 9001: 2015	
Rev. Date: 04.03.19		
Dept: LIRC		

- ASI aims to create a forum for promotion of analytics by way of organizing lectures, discussions, seminars, trainings, workshops and conferences. ASI would also evolve scholarships and additional research support infrastructure for members displaying exemplary work in the field of analytics.
- ASI intends to tie up with leading Indian universities, educational institutions and research organizations to develop analytics capabilities and extend its applications to different disciplines across business, policy making and research.
