**FINAL PROJECT 2019-2020 IT & OPERATIONS**

Final Project 2019-2020: MMS II

Final project is part of the MMS program offered by Mumbai University for 300 marks. As per the new guide lines issued by the University of Mumbai, each student is supposed to complete three projects, details of which are follows: 1. Specialization oriented Project (Finance, Marketing, HR, IT and Operations). 2. General Management 3. Social relevance. All these projects should be of research oriented. Specialization oriented project should be based on empirical study, however, for the remaining two projects, the selection of the methodology is on the discretion of students and their respective faculty guide. Students should ensure that they complete and present their projects in semester IV.

Project work Instructions

Students have to discuss the selected research topics with the respective faculty guide for preparation of the research proposals, well in advance. Students should ensure that they submit and present their projects periodically as per the time schedule. The survey instrument (questionnaire) should contain adequate and standardized questions so as to measure the respondent's opinion relevant to the topic of interest. At least minimum sample size should be collected so as to represent the population of Interest of respective research, in consultation with the guide. Survey instrument (questionnaire) whether it is floated online or collected from the respondents offline, filled in response sheet (questionnaire) should be submitted to the guide and to the panel at the time of verification. The students will make sure that the project draft is submitted to the respective faculty guide either in soft copy or hard copy format in line with the requirements of the Guide, as per the schedule. Students will be required to present their projects in Power point presentation to the concerned panel of Judges. The presentation schedule will be displayed on notice board 15 days in advance. The project should be of original in nature in all respects, right from the origin to the completion of the project, being executed with integrity, transparency and clearly spelt out findings and conclusion without any form of duplication. Students have to meet their respective guides so as to discuss their project topics as early as possible.
